

Voice Options Pilot Program Summary

January 27, 2022

Current Month Accomplishments

- 14 consumers completed Short-Term Loans and have begun the process to receive a Long-Term Loan iPad with a speech-generating application.
- 36 consumers received their Long-Term Loan iPad with a speech-generating application.
- The Voice Options Program (VOP) completed an initiation meeting with Easter Seals of Southern California.
- The VOP met with DDTP for Annual Marketing Plan updates and discussion for Program outreach.
- The VOP presented programmatic updates at DOR's Mini-Summit for the IL Network.
- The VOP continues its process of moving data to Microsoft Access to improve data collection and storage.

Statistics from Completed Datasets: Summary

- The Voice Options Program offers in-person services to 94 percent of Californians through 25 Program Providers spanning across 47 counties and offers services virtually and by mail to ensure comprehensive state-wide coverage across California.
- Since Program launch on July 1, 2020, the VOP has served consumers ranging in age from 18 months to 80 years, and encompassing over 50 types of speech related disabilities and disorders.
- Since July 1, 2020, 810 consumers have completed their Short-Term Loans and have requested Long-Term Loans.
- Since July 1, 2020, 508 datasets have been submitted for completed Long-Term Loans.
- 57 percent of authorizations were provided by Speech-Language Pathologists.
- 60 percent of consumers made telephone calls during the Short-Term Loan period. 97 percent of these phone calls were considered successful by consumers, many of whom indicated they had never made a phone call prior to entering the Voice Options Program.
