

Voice Options Pilot Program Summary

June 30, 2022

Current Month Accomplishments

- The Voice Options Program (VOP) exceeded the initial program goal of serving 500 consumers and moved 1,007 individuals through Short-Term Loans into the Long-Term Loan process.
- 43 consumers received their Long-Term Loan iPads with a speech-generating application.
- The VOP is working with DOR's Public Information Officer to edit and update the Voice Options webpage.
- The VOP met with two organizations as potential Providers, Center for Independent Living and Anchor Creek Speech Therapy.
- The VOP held virtual training sessions for First Expressions and Resources for Independence Central Valley.
- The VOP met with the DDTP Annual Marketing Plan for future Program outreach, brochure development, and future marketing for Providers.
- The VOP continues its process of moving data to Microsoft Access to improve data collection and storage.

Statistics from Completed Datasets: Summary

- The Voice Options Program offers in-person services to 94 percent of Californians through 25 Program Providers spanning across 47 counties and offers services virtually and by mail to ensure comprehensive state-wide coverage across California.
- Since Program launch on July 1, 2020, the VOP has served consumers ranging in age from 18 months to 80 years and encompassing over 50 types of speech-related disabilities and disorders.
- 1007 consumers have completed their Short-Term Loans and have requested Long-Term Loans.
- 861 datasets have been submitted for completed Long-Term Loans.
- 54 percent of authorizations have been provided by Speech-Language Pathologists.
- 73 percent of consumers made telephone calls during the Short-Term Loan period. 98 percent of these phone calls were considered successful by consumers, many of whom indicated they had never made a phone call prior to entering the Voice Options Program.
